Sir:

Your Petitioner, **Michael A. Zeligs** represents that he holds the position of **Chief Executive Officer** of **BIORESPONSE L.L.C.**, the assignee of the entire 100% right, title and interest in and to application Serial No. 10/616,477 filed July 9, 2003, by virtue of an assignment from the inventor of Application Serial No. 10/616,477, recorded on December 2, 2003 at reel 014750 frame 0333.

BIORESPONSE L.L.C. is also the assignee of the entire 100% right, title and interest in and to application Serial No. 10/117,288 filed April 5, 2002 entitled "DIINDOLYLMETHANE FOR THE TREATMENT OF HPV INFECTION," by virtue of an assignment from the inventor of the Application Serial No. 10/117,288, recorded on September 5, 2002 at reel 013271 frame 0134.

Petitioner hereby disclaims the terminal part of any patent granted on the application Serial No. 10/616,477 which would extend beyond the expiration date of any patent granted on application Serial No. 10/117,288.

Petitioner hereby agrees that any patent so granted on application Serial No. 10/616,477 shall be enforceable only for and during such period that the legal title thereto shall be the same as the legal title to any patent granted on application Serial No. 10/117,288. Petitioner further agrees that this agreement is to run with any patent granted on application Serial No. 10/616,477 and is to be binding upon the grantee, its successors, and assigns.

Petitioner does not disclaim any terminal part of any patent granted on application Serial No. 10/616,477 prior to the expiration date of the full statutory term of any patent granted on application Serial No. 10/117,288 in the event that any patent grant on application Serial No. 10/117,288 later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321(a), has all claims canceled by a

reexamination certificate, or is otherwise terminated prior to the expiration of its full statutory term, except for the separation of legal title stated above.

Petitioner hereby confirms that he has reviewed the assignment and, to the best of his knowledge and belief, title is in the assignee seeking to take action in this matter and that he is empowered to act on behalf of **BIORESPONSE L.L.C.**

Petitioner hereby declares that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Signed this 25th day of Sept, 2007.
